

The Woodward School

Permission to Attend Field Trip and Local Outings with Teacher or Staff Chaperones

General Permit for School Year 2023 – 2024

I understand that my daughter may go out of the Woodward school building during the school day with a teacher chaperone on an outing or field trip that is a school approved and educationally sound activity.

I understand that this is a school outing and I have spoken with my daughter about maintaining a high standard of conduct. She understands that all school rules, as outlines in the Woodward School Handbook for Students and Parents, apply to any outing. I understand that she will be expected to obey the chaperone(s) who have the authority to take whatever action they may deem necessary for any student’s safety and health, or for the general benefit of the group as a whole, while on the outing.

The chaperones reserve the right to end the outing time, to refuse to accept or retain any person as a member of the outing, whenever in their sole judgement, conditions warrant, or they deem it necessary for the comfort or safety of the student or teacher participants.

My daughter recognizes that her enthusiastic and wholehearted participation in the activities of the group will be an essential ingredient in the success of the outing and the benefits she derives from her participation. She understands that she must stay with her school group at all times. She understands that she is a representative of The Woodward School and proper etiquette, and responsible, respectful behavior is required at all times. In the event that the conduct of my daughter is deemed unacceptable, or there is any infraction against the standards of behavior expected by The Woodward School, I understand that this may result in the disciplinary action.

I understand that students will be outdoors, walking and possibly crossing streets and on occasion traveling by school van with their chaperone(s), and/or traveling by hired bus or public transportation, and I give my daughter permission to do so.

This permission slip will cover your daughter for all school field trips this academic year. We will inform you in advanced of all school trips when they are scheduled.

SIGNATURE OF PARENT/LEGAL GUARDIAN AND STUDENT: My signature below confirms that I understand and accept the conditions of these outings as outlined here.
